  - [Privacy Settings](#)

# How to identify the Internet Explorer version that I have installed?

1. On the main menu click **“Help”**, point to **“About Internet Explorer”**.

2. A window will appear on your screen indicating which version of Internet Explorer is installed on your computer. Press **“Accept”** to close the window

## Configuración de Internet Explorer 8

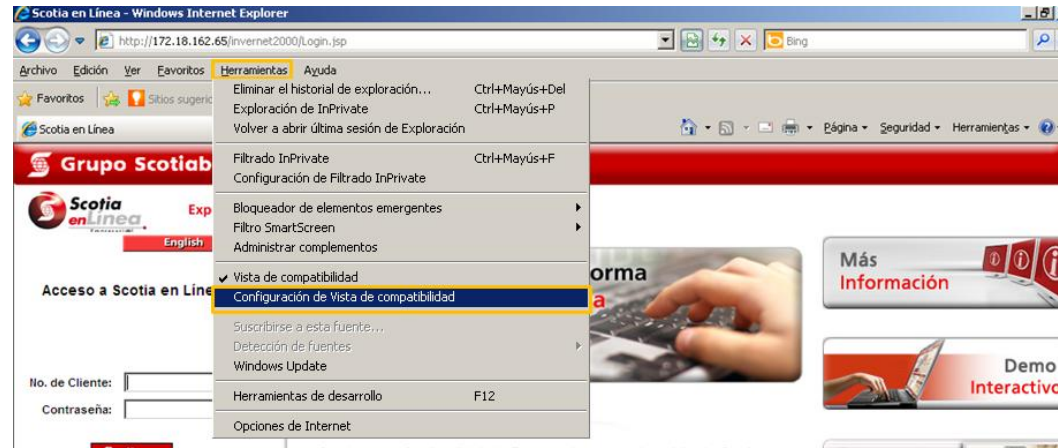

If you use Internet Explorer 8, you must make some adjustments on its configuration.

The options to modify are:

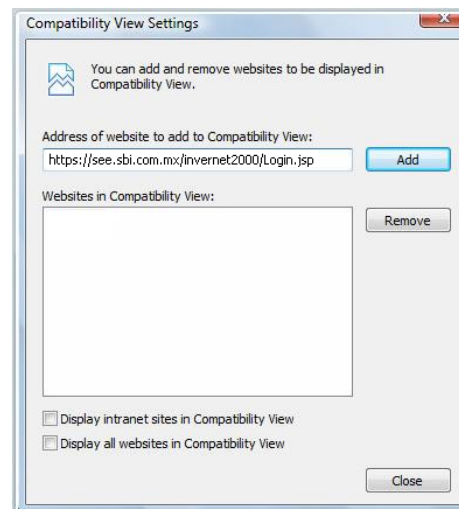

- [Compatibility View](#)
- [Pop-up Blocker](#)
- [SmartScreen Filter](#)
- [Privacy Settings](#)

# Compatibility View

1. Click the : “Tools” button, point to: “Compatibility view Settings”.

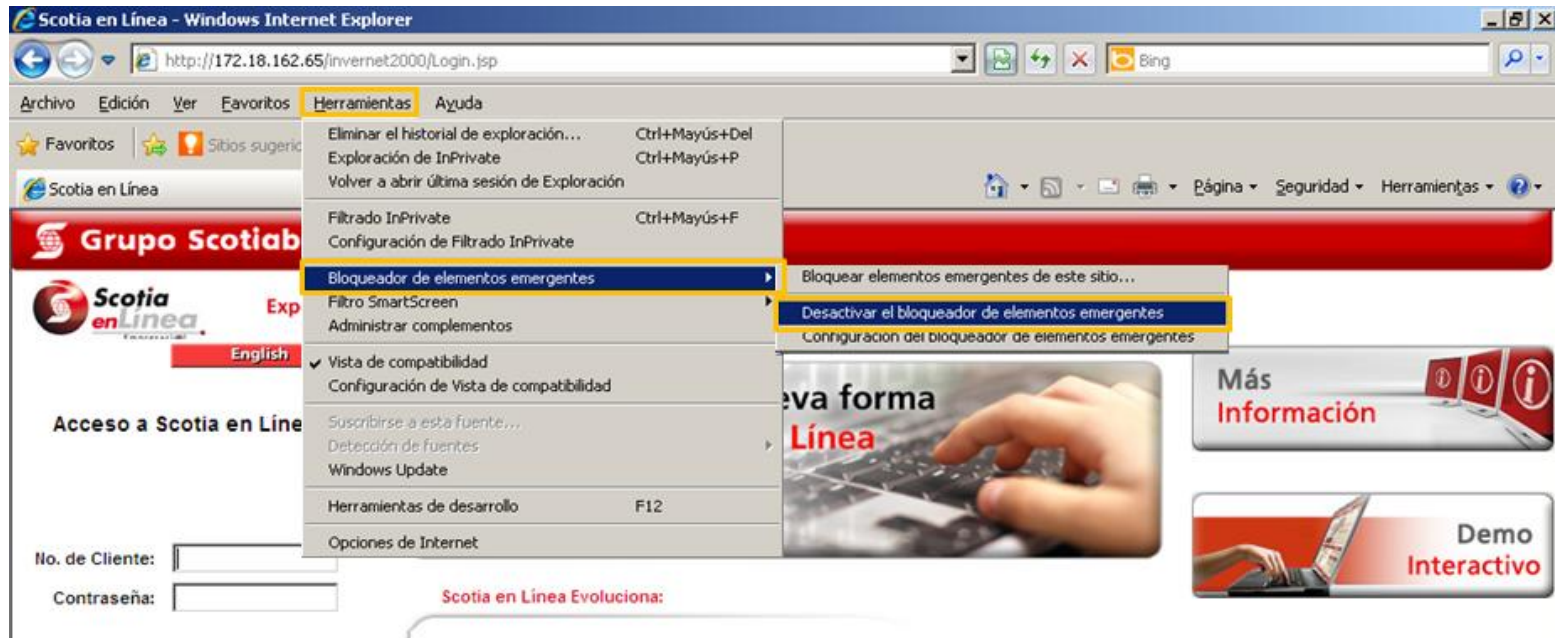

2. A new window will appear, add the Scotia en Linea web site and close the window

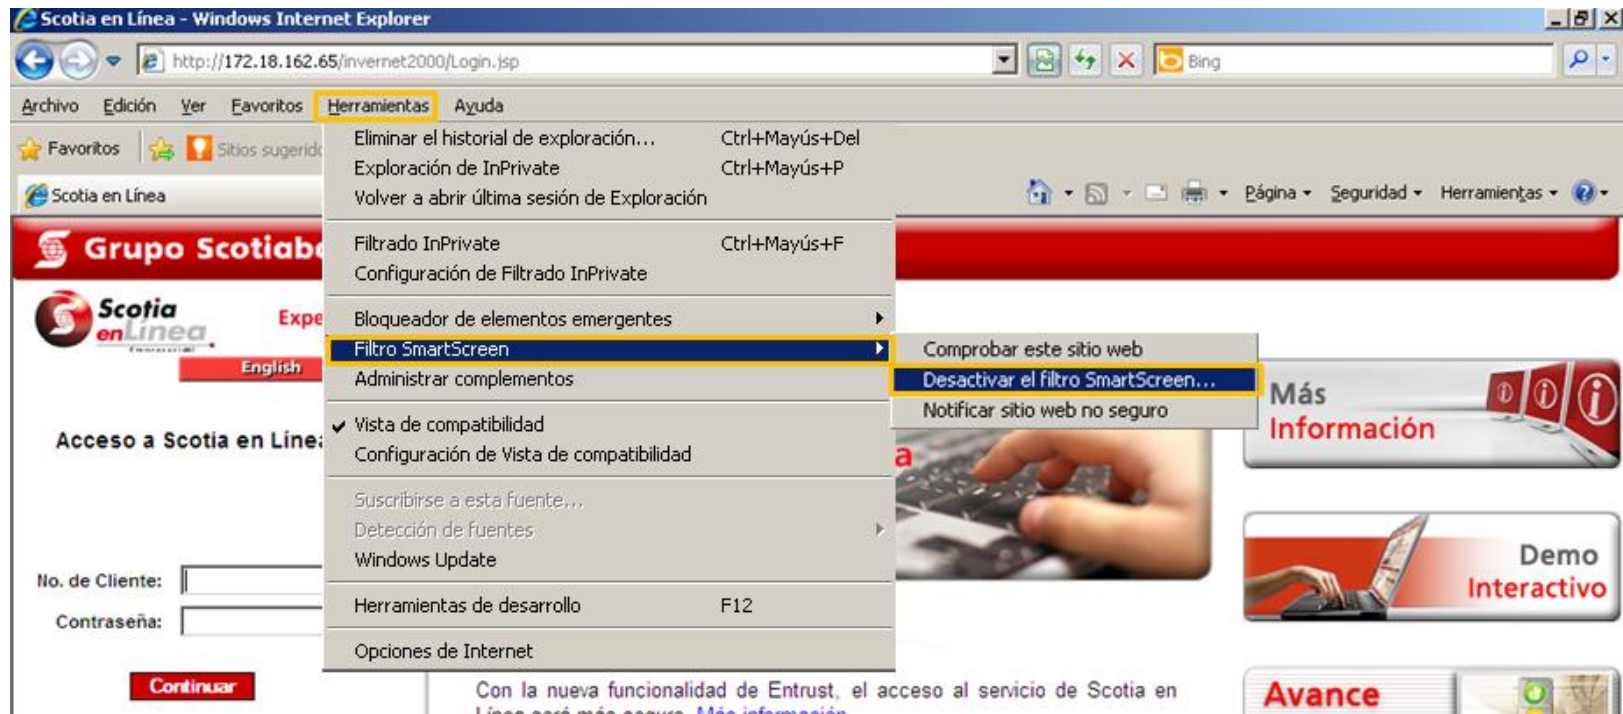

# Pop-up Blocker

1. Click the: “Tools” button, point to “Pop-up Blocker” and then click: “Turn Off Pop-up Blocker”.

# SmartScreen Filter

1. Click the: “Tools” button, point to “SmartScreen Filter” and then click “Turn off SmartScreen Filter”.

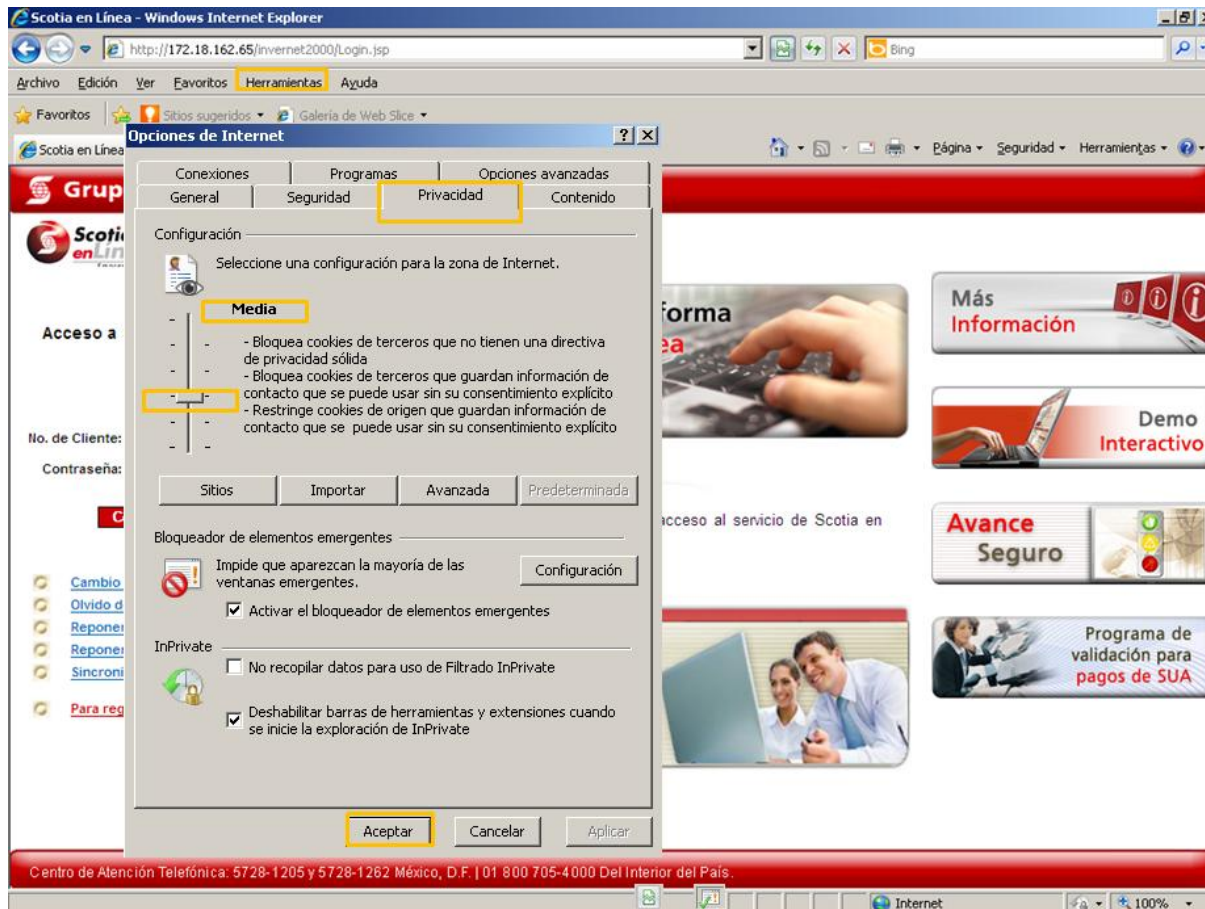

# Privacy Settings

1. Click the: “Tools” button, point to: “Internet Options”

2. Click the “Privacy” tab, select the Internet Configuration level as “Medium” and click “Accept”

You can validate these changes on your navigator page by passing your mouse pointer over the following icons   

*The Compatibility View button can often help fix display problems. It's next to the Refresh button on the Address Bar*

*Indicates that the navigator will allow Pop-ups*

*Double click to change the security configuration, to verify that the Privacy Tab has the level set on "Medium"*
